Targets: core words

- * Strengthen concept knowledge of specific core words by associating these words with meaningful activities across the day
- * Learn how to automatically access those core words for expressive purposes
- * Increase the frequency of how often we, and our student, uses, combines, and re-combines these words in different contexts across the day

Set 10: Core Four

- * Open

- * Turn

- * Stop

- * Over

The power of the
10th Core Four:

vocabulary to
direct others

1st word: OPEN

- * Adjective: allowing access, passage, or a view
“The window was open”
“The room was large, with an open layout”
- * Verb: to move something in order to allow access
“Open the window”
“Open the book”
- * Noun: a type of competition: “The British Open”
- * Common usage: flexible, can be modified
“I’m OPEN to anything!”

Inviting questions

- * Do you need HELP to OPEN the door? I think you are saying you are FINISHED and ready to GO home!
- * You gave me the bag of chips, do you want me to OPEN it?
- * Let's read this book! Will you OPEN it?
- * I need HELP. Can you OPEN this for me?
- * WHAT should we DO today? I'm OPEN to anything!

Open for Business

badamson

Open the jar.

Open the box.

Open the door.

Open the backpack.

Open the can.

No! These cans!

We're open for business!

Will You Open It?

The Suite Kids

Will you open it?

I will open my Doritos for snack.

I will open my Veggie Straws for snack.

I will open my M&M's for snack.

I will open my banana for snack.

I will open my cookies for snack.

I will open my yogurt for snack.

I will open my Goldfish for snack.

I will open all these for snack!

2nd word: **TURN**

- * Verb:

Move or rotate in a circular direction:

“TURN the knob.”

Change in state, to cause something:

“It will TURN from blue to green.”

- * Noun:

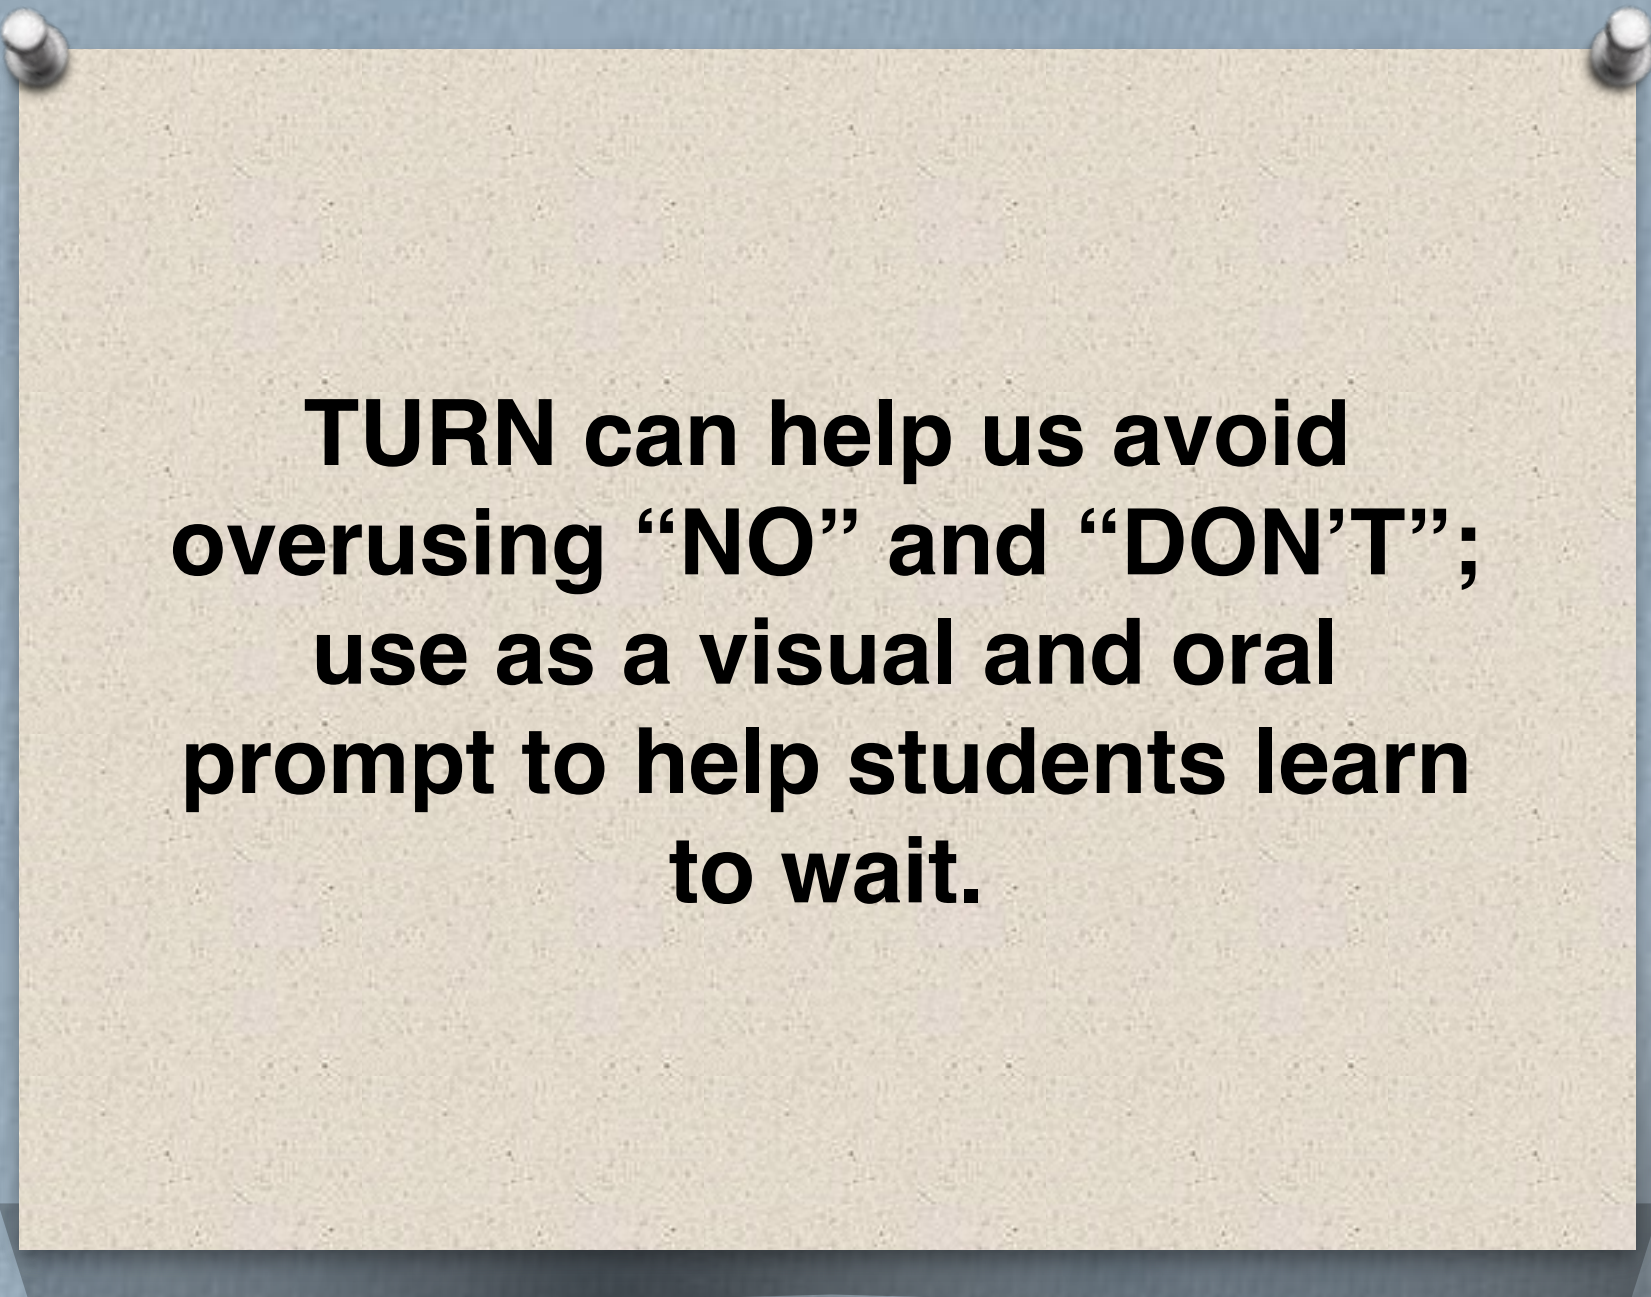

An act: “A TURN of the wheel”

An opportunity to do something in an order with others:

“It is your TURN to GO!”

Taking TURNS

- * Science:
“LOOK! Its almost your TURN to add the next ingredient!”
- * Circle:
“Get ready! Its almost your TURN to share!”
- * Waiting:
“We stand quietly until its your TURN.”
“Its my TURN with the iPad, then it will be your TURN.”

**TURN can help us avoid
overusing “NO” and “DON’T”;
use as a visual and oral
prompt to help students learn
to wait.**

TURN and the concept of “change”

- * TURN works well with teaching the concept of FIRST and THEN.
- * “We will learn how a caterpillar can TURN into a butterfly. FIRST, it is an egg. THEN it is a caterpillar. THEN it TURNS into a butterfly!”
- * “We will add baking soda to TURN this into a volcano!”
- * “We will blow air into the balloon and TURN it into a ball!”

Book Writing: Ev

3rd word: STOP

- * Verb:

To finish doing something:

“STOP that.”

Cause to come to an end:

“She STOPPED it.”

- * Noun:

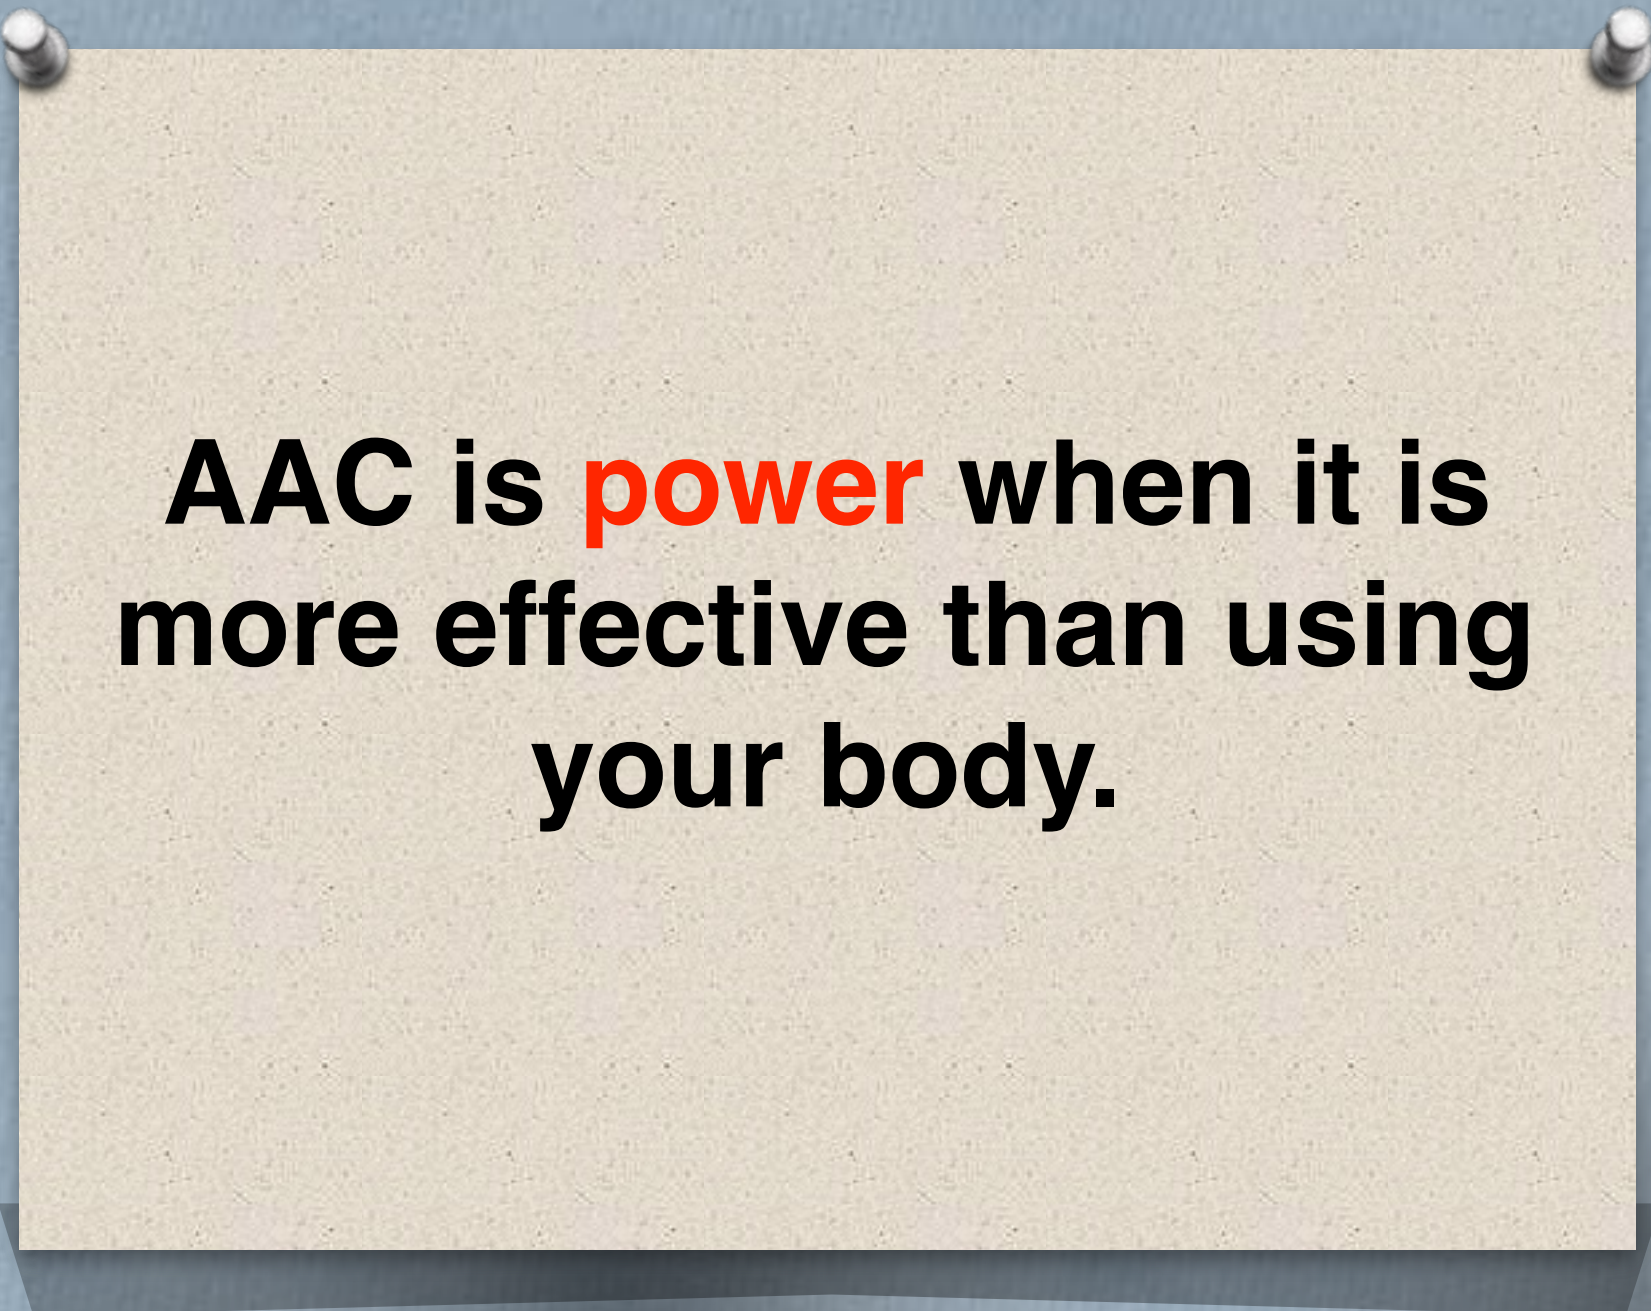

A cessation of movement:

“The car came to a STOP.”

- * Power word: direct others to STOP

Reflective modeling

- * “You’ve dropped to the ground. I think you want to STOP walking.”
- * “You are pushing the book away. I think you want me to STOP reading.”
- * “You are reaching for the banana. I think you do NOT want to STOP eating!”
- * “Your sister is covering her ears. I think she wants you to STOP that noise!”

**AAC is power when it is
more effective than using
your body.**

Model how to negotiate

- * “You want to STOP. Let’s do one MORE, then we will STOP.”
- * “I see you want to STOP. We are almost FINISHED. Can you HELP me with just one more.”
- * “You want to STOP. I am SORRY, but we can NOT STOP yet.”

Stop that!

Passing across:
