It has been a year of progress in research, family support, AS Clinics, education and so much more, I want you to know just how thankful we are for your continued support. It has been a challenging year for us all, but because of generous people like yourself the ASF has been able to continue to be there for families through their journey with AS.

With every dollar, ASF-funded research takes us one step closer to a cure. The future for this community is one filled with determination and hope! Thank you for continuing to keep the AS community close to your heart. - *Kathy Rokita, Board Chair*
