"Thank you for your generosity and support to make this community stronger! Coming off a year of continued challenges, it's amazing what this community can accomplish. As an AS Parent, I found the stability and support of ASF an important part of my son's well-being. It's a privilege to be in this role and report the successes of 2021 during these challenging times. There's so much hope and so much to look forward to within this community. Our supporters have allowed us to double down on our priorities: family support, ASF Clinics, and groundbreaking research. Here's to stability, progress and triumphs in 2022 and beyond. From the bottom of my heart and all the ASF Board of Directors that give their time to make sure we're focused on the mission, THANK YOU."
